Mission Statement: The mission of Itineris Early College High School is to create a learning community with cultures that support high expectations, inquiry, and effort; blending this cognitive challenge with the caring connections that encourage self-discovery and maximize potential.

Counselors: Matt Ekker M.S. Laura Ning M.Ed.

Grades: 10-12 **Control:** Public Charter **Student/Counselor Ratio:** 193/1

Accreditation: AdvancED 2015-16

Location and Description: Itineris Early College High School is an independent Utah public charter high school that maintains a unique partnership with Salt Lake Community College. Itineris was created as part of the early college high school initiative in the state of Utah and is located near the SLCC Jordan Campus. Itineris is a blended institution, and provides college level courses through SLCC's Concurrent Enrollment program. Students come to Itineris in their sophomore year and enter a rigorous high school program. During their junior year, students begin college coursework that focuses primarily on mathematics and science. By the end of their senior year at Itineris, students finish their high school requirements and experience college in an environment that provides dual enrollment courses, a college campus environment, and support in making the transition from high school to college both successful and positive. Approximately half of Itineris Early College High School graduates also earn their associate degree while completing their high school graduation requirements.

Graduation Requirements: 27 credits

4.0 language arts	3.0 science	1.5 fine arts	0.5 financial literacy
2.5 social studies	1.5 physical education	1.0 career/technical ed	9.0 elective
