

Sophomore Curriculum

Red font= high school credit only

Green font= college and high school credit (must earn a 3-5 on AP exam for college credit)

Sophomore year courses are selected based on a student's testing scores, courses he/she completed during 9th grade year, and overall credits needed for high school graduation.

*Additional "Study Skills" or "Workshop/Tutorial" classes may be added onto a student's schedule to support core subject areas, particularly reading and math.
